# Satish Kumar Soni

+91 98749 91882 | sksonip@gmail.com | linkedin.com/in/sksonip | sksonip.github.io

Data Analyst with expertise in supply chain analytics, pricing, and customer engagement insights. Skilled in SQL, Python, Power BI, and Excel to transform complex datasets into KPI-driven dashboards and actionable insights. Proven track record in hypothesis-based problem solving, business model understanding, and executive storytelling, delivering measurable value through data-driven decision making.

### **EXPERIENCE**

Deputy Manager, NPI (New Product Introduction) – Aftermarket Department

Volvo Eicher Commercial Vehicles

Jan 2025 – Present

Indore (Pithampur), Madhya Pradesh

- Program Management & Gate Readiness: Owned the aftermarket readiness for 20+ LMD projects. Maintained RAID, RACI, and change control (ECR/ECN/EOR) to drive on-time approvals at FIG, FDG and SOP, with 0 critical open points at gates.
- Published Power BI dashboards for gate KPIs (SB/PIC release, tool coverage, FRT sign-off, training readiness, FRACAS closure). Escalated risks; closed top 10 FRACAS items (D0-D90 KPIs) within 30 days post-SOP.
- Hypothesis-driven post-SOP analytics (D0-D90): Pareto and time-to-close metrics identified top defect themes;
   prioritized actions with PMO/Quality/Parts to close top-10 items within 30 days.

**Deputy Manager, CDC(Competence Development Center) – Aftermarket Dept.**Jul 2024 – Dec, 2024

Volvo Eicher Commercial Vehicles

Indore (Pithampur), Madhya Pradesh

- Training analytics & adoption: Built Power BI dashboards for coverage, assessment heat-maps, and cohort progress; enabled region/cluster performance reviews and targeted refreshers; cut manual status collation by ~12 hrs./month.
- Telematics → coaching (Project Sudhaar): Converted CAN/telematics signals (idling, overspeed, shift quality) into coaching playbooks; pilots showed up to 13% fuel-economy gain—₹2,300–₹2,700/vehicle/month at typical LMD duty cycles (n=150 vehicles), ~₹43 lakh annualized saving for the pilot cohort.

## Intern, Parts, Pricing & Strategy Team – Aftermarket Department

Jan 2024 – Jun, 2024

Volvo Eicher Commercial Vehicles

Indore (Pithampur), Madhya Pradesh

- Competitive Benchmarking Pricing (Top 50 SKUs): Identified 18 overpriced (+5–12% vs market) and 12 underpriced (-4–9%) SKUs; set price corridors and move recommendations by channel/segment.
- Decision Support Tracker: Developed a live price-positioning tracker (competitor deltas, margin bands, mix impact) in Excel + Power BI; Cut review cycle time 10 → 3 days and improved competitor delta accuracy to ±1.2%.

### **Global Supply Chain Project Intern**

Jun 2023 – July 2023

J.B. Chemicals & Pharmaceuticals Limited

Mumbai, Maharashtra

 Built an Excel/Power Query "what-if" simulator with scenario levers (p50/p90 demand, +10-day lead-time, MOQ/lot size, QA hold durations); computed CSL-based safety stock, reorder points, and expected backorders for Bhiwandi warehouse SKUs.

#### **PROJECTS**

#### **Lean Kitchen (BITS Mess): A DEMATEL Analysis** | Python, Excel

 Conducted a Root Cause Analysis (Fishbone, Why-Why) to identify bottlenecks in material planning, leading to a 10% improvement in lead-time accuracy. Designed a Lean Kanban system integrated with internal supply processes, reducing material waiting times by 15%.

#### **EDUCATION**

Birla Institute of Technology and Science, Pilani (BITS Pilani, Pilani Campus) - CGPA: 9.00

ME – Manufacturing Systems Engineering (Operations & Supply Chain Management)

2024

Techno Main Salt Lake - CGPA: 8.32

B. Tech - Mechanical Engineering

2020

#### SKILLS

**Core Competencies**: Data Analysis & Visualization, Business Analytics, Demand Forecasting, Hypothesis-Driven Problem Solving, Strategic Thinking, Inventory & Pricing Analytics, Lean Six Sigma, KPI Design & Measurement, Data-Driven Decision Support.

**Technical Skills**: SQL (queries, joins, window functions), Python (pandas, NumPy, matplotlib), Power BI (DAX, Power Query), Tableau, Advanced Excel (PowerPivot, scenario modeling), SPSS, Value Stream Mapping, MCDM tools, Prompt Engineering (AI/ML assisted workflows).

**Soft Skills**: Analytical Problem Solving, Communication & Executive Storytelling, Stakeholder Collaboration, Adaptability, Team Leadership, Conflict Resolution, Emotional Intelligence, Time & Project Management.

## **CERTIFICATION & TRAINING**

Google Project Management Professional Certificate —by: Coursera | Date: 2025

McKinsey Forward Program —by: McKinsey | Date: 2025

Lean Six Sigma Green Belt Certificate - KPMG

**Personality Integration Leadership Orientation and Teamwork Program (PILOT)** – Department of Management, BITS Pilani - Pilani Campus

## CO-CURRICULAR & EXTRA-CURRICULAR ACTIVITIES

### PROJECT HEAD - Red Cross Society, Indore

Aug 2024 - Present

Project Shakti – Empowering Marginalized Women through Sustainable Livelihoods - Identified and Engaged with 50+ underprivileged women from marginalized communities for Sewing Machines enabling beneficiaries to earn an average of ₹5,000-₹7,000 per month, thereby improving household incomes by 20-30%.

### **HEAD - Sports ExComm & Hostel Sports Council - BITS Pilani (Pilani Campus)**

Sep 2022 - Dec 2023

 Coordination Head for BOSM '22 & '23, managing a budget of 25 Lakhs, spanning 5 days, and participation from over 800+ students demonstrating efficient Project Management skillset. Designed and implemented dashboards using Power BI and Excel to monitor event logistics, budget utilization, and participant metrics in real-time

### MEMBER - Association for Supply Chain Management (ASCM) BITS Pilani Chapter

Mar 2023 - Dec 2023

Designed a sustaining inventory management framework for a cooler manufacturing firm to reduce holding costs across
the material life cycle
